Join SkyFoundry for a week of events in the UK

SkyFoundry

Lunch and Learn Seminar: Using Data Analytics to Improve Facility Performance and Efficiency Monday October 16, 2017

SkyFoundry SkySpark® Training in London UK
SkySpark Essentials – October 16-18, 2017
Advanced Axon Techniques – October 19-20, 2017

Doubletree Westminster Hotel
30 John Islip Street, London, SW1P 4DD, United Kingdom

One the most important new technologies for energy management, advanced building automation and sustainability is **analytics** *– using data to improve equipment system performance*

Like most new technologies that means there is a lot of hype, misinformation, and different views on what analytics is and the benefits it can provide. SkyFoundry, the developers of **SkySpark®,** one of the established leaders in the field of analytics, is pleased to announce a week of events in London, England, UK that will accelerate your knowledge.

Get a Detailed Introduction to Analytics at our Lunch and Learn Seminar
Join us for a FREE lunch and learn seminar on Monday, 16 October, 2017.

Why You Should Attend:
- See the full range of capabilities of **SkySpark®** automated informatics
- Understand how to apply analytics to existing building systems and energy data
- Learn how adding analytics creates financial results for owners and operators and new business opportunities for systems integrators and engineering professionals

Who Should Attend: The seminar is designed for Systems Integrators, Consulting Engineers, Facility Management, Sustainability and Energy Management Professionals.

Agenda: The SkyFoundry seminar will be conducted from 9:30 – 12:00 on Mon, 16 October, 2017. Lunch will be provided for attendees from 12:00 – 13:00

Location: Doubletree Westminster Hotel, 30 John Islip Street, London, SW1P 4DD, United Kingdom http://doubletree3.hilton.com/en/hotels/united-kingdom/doubletree-by-hilton-hotel-london-westminster-LONWMDI/index.html

Pre-Registration for the SkyFoundry Lunch & Learn: Don't miss this unique, invitation-only event. There is no cost to attend but pre-registration is required. Plan now to join us. Space is limited. Contact your SkyFoundry reseller or SkyFoundry to register.

With over 11,000 buildings successfully using **SkySpark®** analytics, the SkyFoundry team promises to expand your knowledge of analytics and answer your detailed questions.

Learn SkySpark® from the factory team. Begin your training or move on to Advanced Programming topics

SkyFoundry is bringing our factory training programs to the UK.

The **SkySpark Essentials Class** is the ideal way to get started with SkySpark. This **3-day** program provides students with the essential information to start to use and implement SkySpark. The training program consists of 5 Modules, each of which builds on the knowledge acquired in the previous Module.

  - SkySpark Essentials Dates: Monday – Wednesday October 16-18, 2017, 9AM – 5PM each day)
  - We are offering a special rate of $1100 per person which includes lunch and breaks (normal price for the 3-day program is $1400)

The **Advanced Axon Techniques** class is the ideal way to take your Axon skills to the next level. This **2-day** program provides students with a variety of topics and exercises based on real world examples incorporating best practices for implementing SkySpark. *Prerequisites: Completion of SkySpark Essentials and actual project experience. This class is not a fit for students just beginning their SkySpark experience.*

  - Advanced Axon Techniques Dates: Thursday October 19 - Friday October 20, 2017, 9AM – 5PM each day
  - We are offering a special rate of $1100 per person. Normal cost is $1200 per person
  - Prerequisite: SkySpark Essentials skills and actual project experience

Details on both training programs are available in the SkySpark Training Overview document:
