SkyPosium 2020 Sponsor Prospectus

Our annual SkyPosium events provide companies that offer complementary products and services a unique opportunity to bring their message directly to the SkyFoundry community—the leading community applying data analytics solutions for the built environment.

While **2020's virtual event** offers a different format than an in-person event, SkyPosium still provides a unique opportunity for companies that offer complimentary products.

Sponsors receive brand recognition and promotion on event materials and are offered the opportunity to post a video showcasing the technology or services they offer to the community.

The cost for Sponsorship is $500

Sponsorship at the virtual SkyPosium 2020 Event Provides:

- Recognition on SkyPosium website "Sponsors page"
- Recognition on presentation materials for session openings
- Link to sponsor video showcasing the technology or services they offer to the community. (Video hosted by sponsor organization – link shared in SkyPosium materials)
- Email list of all attendees
- Sponsors are encouraged to participate in speaking sessions, but presentations must be of an actual case study with involvement of the end customer or SkyFoundry partner. See "Call for Presenters" https://www.skyfoundryevents.com/skyposium-usa-2020/call-for-presenters-2020/
- All Sponsor promotion will be included in documentation materials and recorded sessions provided to all attendees.

Contact john@skyfoundry.com for additional information or to secure your spot as a sponsor.
